

Dear colleagues,

Just a quick note for Irish organisations before Christmas - if you were not able to join us in Paris to find partners and project matches - you can find all the information [on our Project Ideas Forum webpage](#):

- **Project idea posters** – each one has contact information in case you'd like to reach out to the idea owner and join their consortium.
- **List of attendees** – also useful for identifying partners for your project idea
- **Presentations** – covering each of the target areas for funding in greater depth, and of course also covering the basics.

Call 4 is open – get your consortium built by March!

- Interreg North West Europe [Call 4 is now open](#), with a **deadline 21st March 2024**.
- Projects require **minimum** of 3 partners from **3 different countries** [in the North West European area](#).
- Projects receive 60% EU funding, partners must bring 40% co-financing.
- Choose an objective area that best matches your project idea ([see factsheets on areas for funding](#)).
- Find the right partners for your idea and check out other projects looking for Irish partners at the [Online Community Platform](#)
- Get in touch with the Irish National Contact Point, to get some tailored advice on how to make your project idea successful; sdavoren@southernassembly.ie

Keep up to date by **signing up to this Irish partners newsletter** - [Click here](#), remember - your **key words can help me to “find” you** if an international consortium is looking for a partner in your field.

Kind regards

Sarah
