ROBIN is a Horizon Europe project and one of the **flagship projects** of the European Commission's [Circular Cities and Regions Initiative \(CCRI\)](#) that kick-started in September 2022. During a period of three years, **13 partners** from **5 European countries** set up **Multi-Actor Regional Constellations** in **5 pilot regions**: the **region of Central Macedonia** in **Greece**, the **region of Zilina** in **Slovakia**, the **Southern Region of Ireland**, the **region of Andalusia** in **Spain**, and **Baden-Wuerttemberg** in **Germany** where they **co-create novel governance structures** and **deploy circular bioeconomy strategies** at **regional levels**.
